

OUR MISSION

...to initiate, advocate and share with educators technology-enriched teaching, learning and leadership options for tomorrow, empowered by unique alliances with educational and community partners.

The 2Learn.ca Education Society
Enriching Teaching and Learning Through Technology

PERSONALIZED PROFESSIONAL LEARNING

The Provincial 2Learn.ca Team can personalize professional learning opportunities via face-to-face sessions, Hangouts, and webinars to suit the needs of specific groups of teachers. Please contact us with your requests and provide the following information:

- Curriculum area or theme
- Educational technology topic
- Grade level
- Format and delivery method preferred

"I really enjoy working with all of the great educators from Alberta and I learn so much from them along the way. The work you do is so extraordinarily good...I can see why the educators with whom you work so appreciate your work."

- Cheryl Lemke

TheConcourse.ca

Do you need a place to conduct an online group in a safe environment? TheConcourse.ca offers Alberta Educators a free provincial online network for private, public or 'by invitation only' forums and blogs. The 2Learn.ca Provincial Team will work with you, as a moderator, to establish your own professional group.

PROFESSIONAL LEARNING OPPORTUNITIES

For The 2014-2015 School Year

"With each and every session, I have taken away something that I can use almost immediately in my classroom. My personal digital literacy level has increased immensely."

- PD Session response from Alberta Teacher

"Every time I attend a full day 2Learn.ca session, I walk away feeling like I am on the 'cutting edge' of what is happening with technology in the province."

- PD Session response from Alberta Principal
